Project Report

Title of Project:

Interview questions

Name of the Innovator:

Rocky Balram sabat
Uzair Agra

Start Date:

11/02/26

End Date:

18/02/26

Day 1: Empathise & Define

Step 1: Understanding the Need

Which problem am I trying to solve?

Students often struggle to find organized and reliable interview questions online.

Who is affected by this problem?

College students, job seekers, and IT aspirants.

How did I find out about this?

Online Research, Interviews, Observation

Step 2: Problem Statement

There is no single platform where students can find categorized, verified, and easy-to-access interview questions for multiple subjects

Why is this problem important to solve?

Helps students prepare efficiently and improves chances of cracking interviews.

Take-home task insights:

Users want simple navigation, categorized questions, and sample answers for reference.

Day 2: Ideate

Step 3: List at least 5 different solutions:

1. Website with categorized technical and HR questions

2. Search bar to find questions quickly

3. Interactive quiz section for practice

4. Option to submit user questions and answers

5. Mobile-friendly version for easy access

Step 4: My favourite solution:

Website with categorized technical and HR questions and practice quizzes.

Step 5: Why am I choosing this solution?

It addresses the main problem of finding questions easily and provides interactive practice for better preparation.

Day 3: Prototype & Test

Step 6: What will my solution look like?

A simple website with Home, Technical Questions, HR Questions, and Quiz sections.

What AI tools will I need?

ChatGPT (for generating questions/answers), Canva (for UI mockup), CodePen (for testing code), GitHub (for project hosting)

Selected AI tools:

1. ChatGPT

2. Canva

3. CodePen

4. GitHub

5. Google Forms (for quiz submission)

Step 7: Test - Getting Feedback

Who did I share my solution with?

Friends and classmates from college

What works well:

Easy navigation, categorized questions, clear answers, mobile-friendly

What needs improvement:

Add more questions, improve UI design, make quizzes more interactive

Day 4: Showcase

Step 8: Final Project Title:

InterviewPrep Hub – Your Complete Interview Question Guide

1-Minute Pitch Summary:

A simple, user-friendly website that provides categorized interview questions with answers and quizzes for college students and job seekers to prepare effectively.

Step 9: Reflections

What did I enjoy the most?

Creating an organized platform that can help many students

What was my biggest challenge?

Collecting a wide range of verified questions and organizing them properly
